## From The Desk of Dee:

### Construction is underway!

**Grand Island:** We are on track to open the branch in January 2024. The ATM is up and running. Check it out at 939 S. Locust St. in Grand Island.

**Kearney:** Plans are still in the review process.

**Lexington:** We have moved everyone into the temporary location at the end of the strip mall just across the street. The ATM is in it's new temporary location. The drive up to it should be available the week of October 2nd. This machine will be transferring to an Interactive Teller

Machine (ITM) in the upcoming weeks. This will allow members to use it just like they would have used the drive thru. We are in the testing phase of converting this and will let you know when this will be available, hopefully within the next 60 days.

The old building will be coming down in late October and the new building will hopefully be completed within the next 10-12 months. We are looking forward to all the changes happening at the credit union and we appreciate your patience during these changes.

If you haven't done so please download our app in the [Google Play Store](#) or the [Apple App Store](#). Our Digital Banking allows you to have all of your information at your finger tips. Remember you can now call or **text** us at 308-234-9311 to communicate with staff should you have any questions.
